PART 1 AUGUST 1992

PAPERS

López-Rivero J L, Serrano A L, Diz A M, Galisteo A M. Variability of muscle fibre composition and fibre size in the horse gluteus medius: an enzyme-histochemical and morphometric study *page* 1

Rosenblatt J D, Woods R I. Hypertrophy of rat extensor digitorum longus muscle injected with bupivacaine. A sequential histochemical, immunohistochemical, histological and morphometric study 11

Bishop M A, Yoshida S. A permeability barrier to lanthanum and the presence of collagen between odontoblasts in pig molars 29

Henry L, Durrant T E, Anderson G. Pericapillary collagen in the human thymus: implications for the concept of the 'blood-thymus' barrier 39

Jahoda C A B, Mauger A, Bard S, Sengel P. Changes in fibronectin, laminin and type IV collagen distribution relate to basement membrane restructuring during the rat vibrissa follicle hair growth cycle 47

Ling E A, Yick T Y, Ng G L, Wong W C. Immunocytochemical localisation of substance P in vagal ganglion cells and pericellular arborisations in the monkey 61

Mayhew T M, Elbrønd V S, Dantzer V, Skadhauge E. Quantitative analysis of factors contributing to expansion of microvillus surface area in the coprodaeum of hens transferred to a low NaCl diet 73

Bush M S, Allt G. Distribution of anionic sites on the perineurium 79

Aharinejad S, Lametschwandtner A. Microangioarchitecture of the guinea pig gallbladder and bile duct as studied by scanning electron microscopy of vascular corrision casts 89

Roberts P, McGeachie J K. Propanolol retards revascularisation and impedes early myogenesis in regenerating skeletal muscle transplants: an autoradiographic and morphometric study in mice 101

Benjamin M, Ralphs J R, Eberewariye O S. Cartilage and related tissues in the trunk and fins of teleosts 113

Stewart I J, Mitchell B S. Macrophages and other endocytic cells in the mouse uterus during the second half of pregnancy and into the postpartum period 119

Wakui S, Furusato M, Nomuro Y, Asari M, Kano Y. Lectin histochemical study of the prostate gland of the rhesus monkey (*Macaca mulatta*) 127

Kieser J A, Groeneveld H T. Mandibulodental allometry in the African wild dog, *Lycaon pictus* 133

McGrath P. The proboscis in human cyclopia: an anatomical study in two dimensions 139

SHORT REPORTS

Henneberg M, George B J. A further study of the high incidence of the median artery of the forearm in Southern Africa 151

Van Oudenaarde E, Oostendorp R. Significance of the innervation pattern of the human abductor pollicis longus muscle 155

Pow D V. Neuropeptide accretions in the endoplasmic reticulum of oxytocinergic neurons in cats, monkeys and rabbits: a widespread phenomenon 161

PART 2 OCTOBER 1992

PAPERS

RASPANTI M, MARCHINI M, DELLA PASQUA V, STROCCHI R, RUGGERI A. Ultrastructure of the extracellular matrix of bovine dura mater, optic nerve sheath and sclera *page* 181

TIPOE G L, WHITE F H, PRITCHETT C J. A morphometric study of histological variations during cellular differentiation of normal human colorectal epithelium 189

BEDI K S, CAMPBELL L F, MAYHEW T M. A fractionator study of the effects of undernutrition during early life on rat Purkinje cell numbers (with a caveat on the use of nucleoli as counting units) 199

LOWDEN S, HEATH T. Lymph pathways associated with Peyer's patches in sheep 209

FERGUSON M W J, SHARPE P M, THOMAS B L, BECK F. Differential expression of insulin-like growth factors I and II (IGF I and II), mRNA, peptide and binding protein 1 during mouse palate development: comparison with TGFβ peptide distribution 219

VACCARO R, CASU C, RENDA T. Modification of lectin binding in rat gut mucosa during experimental cholestasis 239

NG Y K, WONG W C, LING E A. The intraglandular submandibular ganglion of postnatal and adult rats. II. A morphometric and quantitative study 249

PELTOMÄKI T, HÄKKINEN L. Growth of the ribs at the costochondral junction in the rat 259

ROBERTSON T A, GROUNDS M D, PAPADIMITROU J M. Elucidation of aspects of murine skeletal muscle regeneration using local and whole body irradiation 265

VESELY P, BOYDE A, JONES S J. Behaviour of osteoclasts in vitro: contact behaviour of osteoclasts with osteoblast-like cells and networking of osteoclasts for 3D orientation 277

SCOTCHFORD C A, GREENWALD S, ALI S Y. Calcium phosphate crystal distribution in the superficial zone of human femoral head articular cartilage 293

RUNE G M, LEUCHTENBERG U, SCHRÖTER-KERMANI C, MERKER H-J. Zonal differentiation of the marmoset (*Callithrix jacchus*) endometrium 301

ATWAL O S, MINHAS K J. In vivo interaction of cationised ferritin with the surface coat and endocytosis by pulmonary intravascular macrophages: a tracer kinetic study 313

HIROFUJI C, ISHIHARA A, ITOH K, ITOH M, TAGUCHI, S, TAKEUCHI-HAYASHI H. Fibre type composition of the soleus muscle in hypoxia-acclimatised rats 327

KON Y, ENDOH D, FUKAMIZU A, MURAKAMI K, HASHIMOTO Y, SUGIMURA M. Comparative study of renin expression in the coagulating glands of C57BL/6 and Balb/c mice 335

SOARES A M V, ARANA-CHAVEZ V E, REID A R, KATCHBURIAN E. Lanthanum tracer and freeze-fracture studies suggest that compartmentalisation of early bone matrix may be related to initial mineralisation 345

ITANI T, KANAI K, WATANABE J, OGAWA R, KANAMURA S. Quantitative analysis of rough endoplasmic reticulum in chondrocytes of articular and tracheal cartilage of rabbits following the systemic administration of hydrocortisone 357

SHORT REPORTS

TOYOSHIMA K, SHIMAMURA A. Leydig cells in the lingual epithelium of the axolotl, *Ambystoma mexicanum*, are immunoreactive for serotonin 365

SBARBATI A, LECLERCQ F, ANTONAKIS K, OSCULATI F. Magnetic resonance imaging of the saccular otolithic mass 369

DWYER C M, STICKLAND N C. Does the anatomical location of a muscle affect the influence of undernutrition on muscle fibre number? 373

MCDONNELL D, ESPOSITO M, TODD M E. A teaching model to illustrate the variation in size and shape of the maxillary sinus 377

CORRESPONDENCE 381

BOOK REVIEWS 383

BOOKS RECEIVED 389

ANNOUNCEMENTS 391

PART 3 DECEMBER 1992

PAPERS

ROONEY P, ARCHER C W. The development of the perichondrium in the avian ulna *page* 393

PAPACCIO G, CHIEFFI BACCARI G, ESPOSITO V. Immunomodulation of low dose streptozocin diabetes in mice reveals that insulitis is not obligatory for B cell destruction 403

WEN C Y, CHEN K N, LUE J H, CHAN S A, SHIEH J Y. An electron microscopic and morphometric study on the GABA-immunoreactive terminals in the cuneate nucleus of the rat 409

GÓMEZ PELLICO L, FERNÁNDEZ CAMACHO F J. Biometry of the anterior border of the human hip bone: normal values and their use in sex determination 417

WU C H, WEN C Y, SHIEH J Y, LING E A. A quantitative and morphometric study of the transformation of ameoboid microglia into ramified microglia in the developing corpus callosum in rats 423

DIXON J S, GOSLING J A, CANNING D A, GEARHART J P. An immunohistochemical study of human postnatal paraganglia associated with the urinary bladder 431

MACKAY S, SMITH R A, HAIG T. An investigation of the migratory potential of mouse oocytes in vitro 437

MIKIĆ Ž D J. Blood supply of the articular disc of the antebrachiocarpal joint in dogs 447

STOVER S M, POOL R R, MARTIN R B, MORGAN J P. Histological features of the dorsal cortex of the third metacarpal bone mid-diaphysis during postnatal growth in thoroughbred horses 455

LEWIS J, MCDONALD S W. Immune response following vasectomy in the rat: a study of the stimulation of the regional lymph node 471

FALCONNIER C, KRESS A. Ultrastructural aspects of oocyte growth in the marsupial *Monodelphis domestica* (grey short-tailed opossum) 481

SHORT REPORTS

ATASEVER A, DURGUN B, KANSU T, CUMHUR M. The peripheral course of the axons innervating the medial rectus muscle within the subarachnoid portion of the oculomotor nerve 499

AKITA K, SAKAMOTO H, SATO T. Innervation of an aberrant digastric muscle in the posterior thigh: stratified relationships between branches of the inferior gluteal nerve 503

ATASEVER A, HAMDI ÇELIK H, DURGUN B, YILMAZ E. Unrotated left kidney associated with an accessory renal artery 507

CHAN A S. Association of nerve fibres with myoid cell in the chick thymus 509

HOOGBERGEN M M, KAUER J M G. An unusual ulnar nerve-median nerve communicating branch 513
